O&M Costs – Snow Removal Policy Steps

February 2010

1. Residents review the site and contact the BCWRD (Chairman) regarding consideration to remove snow from the drainage ditch.
2. BCWRD (Chairman) contacts County Engineer regarding the availability of equipment and resources to complete the work and schedules a site review.
3. Site review is completed and the work is authorized by the BCWRD to be completed by the County Engineer or a Contractor, if the County resources are unavailable. The authorization shall be based on an estimated cost provided by the County Engineer or quote obtained from a Contractor.
4. The County Engineer or Contractor invoice the BCWRD for payment of the services provided.
