

Burleigh County Water Resource District
1811 East Thayer Avenue
Bismarck, North Dakota 58501

TO: Missouri River Correctional Center Area Landowners

FROM: Terry Fleck, Chairman
Burleigh County Water Resource District

SUBJECT: Public Informational Meeting Notice

DATE: September 11, 2013

The Burleigh County Water Resource District (BCWRD) has been working to identify desired flood mitigation measures for the Missouri River Correctional Center area. An initial Public Informational Meeting was held in October, 2012. Since then, legislation has authorized funding participation by the Department of Corrections and we have refined the projected project costs and proposed assessment district.

We have scheduled a subsequent Public Informational Meeting for September 17, 2013 from 7:00 to 9:00 pm in the Tom Baker Meeting Room; City/County Building; 221 North Fifth Street; Bismarck, ND. A short presentation will be provided to update the public regarding the current status of project development. This will be followed by an opportunity for the local residents to provide additional input. It is anticipated that following this meeting, the engineering analysis will be finalized and a public hearing and assessment vote will be scheduled.

A copy of this Notice as well as the draft Preliminary Engineering Technical Memorandum is available on the BCWRD website at www.bcwrdd.org.

We look forward to your participation in this meeting.

Sincerely,

A handwritten signature in black ink that reads "Terry A. Fleck".

Terry Fleck, Chairman
Burleigh County Water Resource District

C: Burleigh County Commissioners
BCWRD Board Members
Marcus Hall, Burleigh County Engineer
Keith Rasmusson, MRC
